Event Details:

Location: Newborough Forest. New map for event, on intricate forested sand dunes, at 1:10,000 with 2.5m contours. Unusual for sand dunes, the area also has a rocky ridge, with steep crags. Last used for 2013 Welsh Championships (and the JOK Chasing Sprints). The area is a working woodland of Natural Resources Wales (NRW have taken over forestry responsibility in Wales), as well as a very popular outdoor area.

Both Welsh League days will have Brown, Blue, Green, Light Green, Orange and Yellow.

Day 1 starts between 12.30 and 13.30, courses closing from 15.00

Day 2 starts between 12.00 and 13.00, with courses closing from 14.30
